

DOWN AMPNEY NEIGHBOURHOOD PLANNING STEERING GROUP – COMMITTEE MEETING 13 APRIL 2022 – MINUTES

In Attendance: Andrew Scarth (AS), Geoff Tappern (GT), Jackie Scuri (JS), Darrel Warner (DW) and Mike Bruce (MB)

Members of the public: Mr and Mrs T Ormerod

Item 1. Apologies: Lisa Spivey, Ray Jenkins, Jon Campbell

Item 2. Results of Consultation Reg 14. AS briefed that 119 residents had responded and were supportive of the draft DANDP – all representations from residents and external bodies are on the NDP pages of the Parish website. Other consultees including the Co-op, CDC, Cotswold Homes, Glos. County Council and Historic England had also responded (others had not). All representations were being addressed by AS and GT in preparation for the Reg 16 Consultation. There were numerous comments on the Design Guide which needed to be addressed. These would need external assistance.

It was agreed that AS and GT would continue their labours with the comments initially independently with the aim of meeting in the week 18 April (tbd) to co-ordinate/refine their results. After this copies of the draft responses to the representations will be circulated to the NPSG for their comment and input.

It was further agreed that when relevant CDC staff returned from leave, a meeting would be sought to discuss the way ahead on the Design Guide and Conditions Statement. CDC had previously indicated a willingness to contribute towards this effort. The NPSG can apply for Locality funding, and there is also funding set aside in the Parish Council budget.
